Meeting your parents has got me thinking.
about what?
MOTEL
Back in prehistoric times, when we were little more than animals, a squirrel like me would only be prey to wolves like you.
But today,
We're two different species, but we've also a couple, and I'm carrying our child.
kind of interesting, zoologically speaking.
Zoologically speaking, shouldn't this also be impossible?
Well, that's why we have comic strips.
